ECEN 3233 : Digital Logic Design
Final Project Spring 2021
Demonstration Grade

Team Name

Category	Scoring Criteria	Weight	Evaluation
Logistics	Students show up on time	10	
Understanding	Questions are answered correctly during the demonstration	25	
Observation	The results that occure during the demonstration are properly shown.	25	
Completion	The project has been completed entirely	15	
Thoroughness	Care and attention to detail are evident in construction and layout.	25	
Extra Items	Specifics to extra items in the final proect.	20	

100
